SCHOOL CHILDREN BACK FROM HOMES

MIKAHALA ARRIVED THIS MORN-
ING FROM KAUAI PORTS WITH
A LARGE CROWD.

There will be large crowds arriving
from the other islands for the next
few days, as the children who have

been absent on their vacations are re-
turning to resume their fall studies in
the various schools of Honolulu.
This morning the steamer Mikahala
arrived with a very large crowd of
young people from Kauai ports. They
have been away during the summer
months. The steamer Claudine due to-
morrow is likely to bring another good
sized crowd of young people from Maui
ports and the steamer Kinau due on
Saturday from Hilo and way ports will
also have more school children.

Rev. W. E. Potwine left by the Si-
beria to be gone about six weeks.

DEFENDS ARCHER'S REPUBLICANISM

ALBERT WATERHOUSE COMES TO
THE VERY VIGOROUS DEFENSE
OF THE EWA SUPERVISOR.

Pearl City, September 4, 1906.

EDITOR STAR: In your editorial on
"Practical Politics" in this evening's
paper, you appear to have condemned
Supervisor Archer, before the report of
the Supervisors on the Ewa appropri-
ations has been made public, or before
he is given a chance to defend himself.
As to his relations to the Republican
Party, I would like to state a few
facts.

First. At the July elections of pre-
dict club officers, our precinct Re-
publican Club considered Mr. Archer
a Republican and showed its confidence
in him by electing him a member of
its executive committee.

Second. At the meeting on August
20th for the purpose of nominating de-
legates to the conventions, a resolution
was introduced by Senator McCandless
and carried expelling Mr. Archer from
the Club. This meeting was composed
largely of those who arrived on the
plantation train.

Third. After the passage of this re-
solution, Mr. Archer declared himself
a good Republican and was allowed
to sign the club roll.

Fourth. At the primary election last
Saturday, Mr. Archer was refused the
right of casting a ballot and having it
counted.

Fifth. He is now told that "if he is a
party man, he must accept the result"
or in other words, "We have expelled
you and refused you a vote, but you
are bound to support us."

Sixth. The suggestion that Mr. Ar-
cher no longer direct road work in his
district is, perhaps, open to argument.
It cannot be said that his attitude in
politics is different today from the
time, a year ago, when he was elected
as an independent Republican candi-
date and, by the way, Mr. Paele, a
Home Rule member of the Republican
Board of Supervisors directs road mat-
ters in his district.

All I ask, Mr. Editor, is that the pub-
lic withhold judgment until the report
of the committee of supervisors inves-
tigating the charges against Mr. Ar-
cher, makes a report.

Respectfully yours,
ALBERT WATERHOUSE.

DIED.

Dr. Russel Has Gone To Japan

WILL THERE CONTINUE HIS PRO-
POGANDA OF FREE INSTITU-
TIONS—MAY LEAVE ISLANDS.

Dr. Nicholas Russel sailed by the
Hongkong Maru to resume the work
in which he was engaged throughout
the Japanese-Russian war.

This work is the propaganda of the
doctrines of free institutions and rep-
resentative government among his
fellow countrymen, the Russians. Not
long ago there was a brief account in
one of the Japanese newspapers of the
work done by Dr. Russel, in the course
of which it was stated that the in-
fluence that had been exerted was
very widespread.

Dr. Russel's wife remains in Ha-
waii, but Dr. Russel intimated that
he might close out all his interests
here and leave the islands for good.

JAPS VIEW OF SENDING WARSHIP

MANY THINK SHE IS COMING IN
ANSWER TO THE RECENT DE-
MAND.

The Japanese war vessel which is
coming here is a training ship, sent
here for the purpose of giving those on
board a chance to have some experi-
ence. She will carry a large number
of new naval officers who have never
been away from home. Most of them
were made officers during the late war,
when they were compelled to stay in
home waters, and the government, it is
stated, is taking the present opportu-
nity of sending them abroad.

The war vessel will arrive here about
October 10 and will remain to the end
of the month. It is expected that
there will be numerous entertainments
and local Japs will spend themselves
in doing honor to their naval represen-
tative.

The visit of the vessel is being con-
siderably discussed in connection with
the article recently published by the
Japanese Daily Chronicle, demanding
that a vessel be sent here by the Tokio
government to see that Japanese here
were better treated. A large propor-
tion of the Japanese, it is said, re-
gard the visit of the vessel as a re-
sult of that demand and they are cor-
respondingly elated.

SURF VERY HIGH ALONG THE COAST

SURF REPORTED HIGHER TODAY
AT WAIKIKI THAN IT HAS BEEN
FOR MONTHS.

The surf at Waikiki is reported to-
day to be the highest seen at that place
for a number of months past. Huge
breakers are rolling in and piling up
on the beach in a fashion that is sel-
dom seen on this side of the island.

Many natives and others went out to
the beach this morning to take advan-
tage of the high rollers and had enough
exciting sport of surf riding.

Late last evening the surf was high
off the harbor and the Heian crew on
its evening pull went outside of the
buoys and came very near being
swamped in the high waves. Con-
stant bailing of the boat was required
on the pull back. The boat was at
times over half full of water.

Many are expressing fears for the
transport Sheridan, ashore at Barber's
Point. The surf there must be high
also and that is bound to work con-
siderable hardship on the stranded ves-
sel.

There is no apparent cause for the
high surf as the weather conditions
seem to be about the same as they
have been for the past two weeks. Some
attribute the cause to the unusual dis-
turbances at Hilo noticed during the
past two days.

BOARD'S PIECE OF ICE STOLEN

REGISTRATION OFFICERS, RUSH-
ED WITH BUSINESS, FIND
TIME FOR POETIC PROTEST.

The following alleged poetry has
been posted on the ice cooler of the
Board of Registration:

"The man who steals the ice from here
Deserves not fish nor pol nor beer.
We know his fate, alas, too well,
He'll shovel coal deep down in—"

The cause of this rhythmic effusion
was the stealing of the ice from the
cooler yesterday afternoon. The
Board meets in the morning from
seven to nine and in the afternoon from
four to eight. Among the supplies of
the office is a ten cent piece of ice per
day. But yesterday, at some time be-
tween the evening and morning ses-
sions, the ice was "stolen, taken and
carried away."

The rush for registration has begun
in earnest now, and there was a long
line of voters, practically all natives,
at the Board this morning. Governor
Carter registered yesterday afternoon
after leaving his office.
